Did QuickBooks Desktop Support Stop in June 2023? Complete Guide for USA Users

If you're wondering whether QuickBooks Desktop support stopped in June 2023, you're not alone. Thousands of businesses across the United States have searched for answers regarding discontinued QuickBooks services, payroll updates, security patches, and technical support. If you need immediate assistance with QuickBooks Desktop, call **+1 (855) 914-5215** or **+1 (866) 384-9053** for help with installation, payroll issues, update errors, migration support, and troubleshooting.

Many users continue searching for QuickBooks Desktop support after June 2023 because older versions of the software stopped receiving critical updates. Whether you're using QuickBooks Pro, Premier, Enterprise, or Accountant editions, understanding Intuit's discontinuation policy is essential for maintaining compliance and software functionality. For assistance, contact **+1 (855) 914-5215** or **+1 (866) 384-9053**.

Quick Answer: Did QuickBooks Desktop Support End in June 2023?

Yes. Intuit officially discontinued several services for QuickBooks Desktop 2020 on May 31, 2023. Beginning June 1, 2023, affected users no longer received:

- Security updates
- Payroll updates
- Live technical support
- Online backup services
- Payment processing integration
- Other connected services

If your QuickBooks Desktop version was impacted, call **+1 (855) 914-5215** or **+1 (866) 384-9053** to discuss upgrade options.

Why Did QuickBooks Desktop Support End?

Intuit follows a three-year lifecycle policy for QuickBooks Desktop products. After three years, older versions reach end-of-service status. This policy helps maintain:

- Security compliance
- Data protection
- Product performance
- Regulatory updates
- Tax table accuracy

For migration assistance, users often contact **+1 (855) 914-5215** or **+1 (866) 384-9053**.

Which QuickBooks Desktop Versions Were Affected?

The following versions reached end-of-service in 2023:

QuickBooks Desktop Pro 2020

Users lost access to supported connected services after May 31, 2023. For support call **+1 (855) 914-5215** or **+1 (866) 384-9053**.

QuickBooks Desktop Premier 2020

Premier 2020 users experienced service discontinuation beginning June 2023. Contact **+1 (855) 914-5215** or **+1 (866) 384-9053**.

QuickBooks Enterprise 20.0

Enterprise version 20.0 was also affected by the end-of-service schedule. Assistance is available at **+1 (855) 914-5215** or **+1 (866) 384-9053**.

QuickBooks Accountant 2020

Accountant Edition users lost access to connected services after support ended. Help is available at **+1 (855) 914-5215** or **+1 (866) 384-9053**.

What Still Works After Support Ends?

Even after support ends, certain features may continue functioning locally:

- Creating invoices
- Recording transactions
- Running reports
- Viewing company files
- Basic bookkeeping functions

However, many connected features stop working. If you're unsure, call **+1 (855) 914-5215** or **+1 (866) 384-9053**.

Features That Stop Working

When QuickBooks Desktop reaches end-of-service status, users may lose:

Payroll Services

Payroll updates and tax table downloads stop functioning. Assistance: **+1 (855) 914-5215** or **+1 (866) 384-9053**.

Online Banking

Bank feeds and transaction downloads may stop working. Support available at **+1 (855) 914-5215** or **+1 (866) 384-9053**.

Merchant Services

Payment processing integration can become unavailable. Call **+1 (855) 914-5215** or **+1 (866) 384-9053**.

Technical Support

Official troubleshooting support may no longer be provided for affected versions.

Security Updates

Critical patches and software updates stop being released.

Trending Questions Users Are Asking in the USA

Is QuickBooks Desktop Being Discontinued Completely?
